The Royal Conservatory of Music (RCM) was founded in 1886 with the idea that a single institution could bind the people of a nation together with the common thread of shared musical experience. More than a century later, we continue to build and expand on this vision.

Today, the RCM is recognized in communities throughout North America for outstanding service to students, teachers, and parents, as well as a strict adherence to high academic standards through a variety of activities—teaching, examining, publishing, research, and community outreach.

Our students and teachers benefit from a curriculum based on more than one hundred years of commitment to the highest pedagogical objectives. The strength of the curriculum is reinforced by the distinguished College of Examiners—a group of fine musicians and teachers carefully selected from across Canada, the United States, and abroad for their demonstrated skill and professionalism. A rigorous examiner apprenticeship program combined with regular evaluation procedures ensures consistency and an examination experience of the highest quality for candidates.

Our new home, the TELUS Centre for Performance and Learning, will make the most of the RCM's extraordinary potential and will allow us to share our innovative programs with teachers and students everywhere. This technologically advanced education and performance complex will reflect the RCM's broadened impact as an international leader in publishing and examinations, professional training, arts-infused public school programs, early childhood education, and concert presentation. I do hope that you will take full advantage of this great new facility, which will be an exceptional resource for students and teachers across North America and around the world.

As you pursue your studies or teach others, you become not only an important partner with the RCM in the development of creativity, discipline, and goal-setting, but also an active participant, experiencing the transcendent qualities of music itself. In a society where our day-to-day lives can become rote and routine, the human need to find self-fulfillment and to engage in creative activity has never been more necessary. The RCM will continue to be an active partner and supporter in your musical journey of self-expression and self-discovery.

Dr. Peter C. Simon
President
The 2010 edition of the Organ Syllabus represents the work of dedicated teachers, performers, and examiners, whose assistance is gratefully acknowledged. This Syllabus replaces all previous organ syllabi, and forms the official curriculum of The Royal Conservatory of Music for organ examinations conducted by RCM Examinations.

The RCM Examinations Certificate Program for organ consists of four graded levels (Grades 7, 8, 9, and 10), and an Associate of The Royal Conservatory of Music (ARCT) diploma.

Five levels of theory examinations described in the current RCM Theory Syllabus are designed to complement practical studies and to ensure a comprehensive knowledge and understanding of various aspects of theory. Required theory examinations begin at the Grade 7 practical level and include the following subjects: rudiments, harmony, history, counterpoint, and analysis.

RCM Examinations welcomes examination applications from all interested individuals.

Applications are accepted by RCM Examinations on the understanding that candidates comply with the procedures and requirements outlined in this Syllabus.

EXAMINATION FEES

Examination fees must be paid at the time of registration using a valid credit card. Fees for the current academic year are listed online under “Examination Information.”

Examinations in the USA
The National Music Certificate Program, a division of The Royal Conservatory, provides graded examinations in the USA. For more information, please visit the website, www.nationalmusiccertificate.org.

Examinations are conducted in more than 300 communities across North America. Each examination center has a local Examination Center Representative who ensures that students and teachers have a successful examination experience.

To find your nearest Examination Center, look online under “Examination Information.”
EXAMINATION SCHEDULING

Examination candidates may check for their examination schedules online three to four weeks after the registration deadline through “Online Services” using “Examination Scheduling.”

Teachers may verify their students’ examination schedules by logging into “Teacher Services.”

All candidates must verify their examination schedules online two weeks before the first day of the examination session by visiting “Examination Scheduling.” Examination schedules will not be mailed.

Candidates must print out the “Examination Program Form” using the “Examination Scheduling” feature. Candidates should fill out the form and bring it on the examination day.

Candidates who, for any reason, are unable to attend an examination should contact the Center Representative listed on their Examination Schedule immediately.
Candidates must be ready to perform at least fifteen minutes before their scheduled time. Please note that candidate examination times cannot be exchanged.

- Page-turners and other assistants (see “Assistants” below) are not permitted in the examination room. Waiting areas are provided for parents, teachers, and assistants.
- Warm-up rooms are not provided for organ candidates.
- Photo ID may be requested before candidates are admitted to the examination room.
- Candidates should list all repertoire and trio studies to be performed on the Examination Program Form and bring it to the examination.
- Candidates must bring all music to be performed to the examination, whether or not selections are memorized. Please note that photocopied music is not permitted in the examination room unless the candidate has a letter of permission from the publisher. (Please see “Copyright and Photocopying” on p. 19.)
- Recording devices are strictly prohibited in the examination room.

The candidate’s performance may be interrupted at the examiner’s discretion when an assessment has been reached.

**Instruments**

- **Organ examinations must be performed on a pipe organ.** The instrument should conform to Royal Canadian College of Organists (RCCO) or American Guild of Organists (AGO) console dimensions.
- The use of electronic organs is allowed only under exceptional circumstances (when a suitable pipe organ cannot be made available or is unobtainable in the vicinity) and must be approved by RCM Examinations.
- All candidates for organ examinations must provide the following information concerning the instrument they will use for their examinations:
  - precise location of the organ
  - the name of the builder
  - the date of construction
  - complete specifications for the organ

This information must be submitted with the examination application so that the choice of instrument can be approved by RCM Examinations. Please note that if the instrument has not been approved, the candidate will not be examined.

- It is the candidate’s responsibility to ensure that the quality and interpretive range of the instrument is suitable for the examination repertoire.
- Arrangements for examination times must be made in conjunction with RCM Examinations.
- It is the candidate’s responsibility to contact the appropriate authorities and make all necessary arrangements regarding the use of the organ for examination purposes. These arrangements should include:
  - reservation of specific times as required for practice
  - reservation of specific time required for the examination (Please note: The building should be open at least fifteen minutes prior to the examination starting time.)
  - placement of a writing table for the examiner in an appropriate location

**Assistants**

- Candidates may bring an assistant for page turning only.
- Candidates are normally expected to handle all registration changes. However, candidates who must play their instrument on a tracker-action organ without combination action may bring an assistant for registration changes. Please note that the use of the instrument and the use of an assistant must be approved by RCM Examinations.
CREDITS AND REFUNDS FOR MISSED EXAMINATIONS

Credits (formerly called “fee extensions”) and refunds are only granted under two specific conditions. Candidates who are unable to attend an examination for medical reasons or because of a direct time conflict with a school examination are eligible to request either an examination credit for the full amount of the examination fee or a fifty percent refund of the examination fee.

Requests for examination credits or refunds must be made to RCM Examinations in writing and accompanied by the following documentation:
- for medical reasons—a physician’s letter and the candidate’s Examination Schedule
- for direct time conflicts with school examinations—a letter from a school official on school letterhead and the candidate’s Examination Schedule

All requests must be submitted within two weeks following the examination by mail or by fax.

Candidates who, for any reason, are unable to attend an examination should contact the RCM Examinations Center Representative listed on their Examination Schedule immediately.

CANDIDATES WITH SPECIAL NEEDS

Candidates with special needs should submit a Special Needs Request Form, available online under “Online Forms”—by mail or fax to RCM Examinations—as soon as possible before the registration deadline. Each case will be assessed individually.

Examination Credit
An examination credit (formerly called a “fee extension”) may be applied to the fee of a future examination. Examination credits are valid for one year from the date of the original scheduled examination.

Examination credits can be redeemed when the candidate registers for their next examination. The credit will be automatically applied during the online registration process.

Fee Refund
Candidates who cannot redeem an examination credit within a year may apply instead for a fifty percent refund of the examination fee.

Candidates may receive help in and out of the examination room if required. Please note that helpers must remain in the waiting area during the actual examination.
Candidates and teachers can access examination marks online within four weeks of the examination date. Access to examination results with comments and marks will be available within six weeks of the examination date.

1) Go to www.rcmexaminations.org.
2) Click on “Examination Results.”
3) Click on the Examination Session you wish to view.
4) Enter the candidate's RCME Number and date of birth.
5) Click on the mark to download and view the examiner's comments.
6) Click on the candidate's name to view an unofficial transcript.

Please note that results will not be mailed or given by telephone.

Teachers may access their students’ examination results by logging into “Teacher Services.”

Official transcripts are available upon written request to RCM Examinations and payment of the requisite fee. (Download the official transcript request form from the “Online Forms” section of the website.)

Interpreting Examination Results
All candidates may access their official results (including examiners' comments) online four to six weeks after the examination. The examiner’s report explains in general terms how the final mark was calculated. It is intended to assist candidates in their future musical development. Please note that the mark reflects the examiner’s evaluation of the candidate’s performance during the examination. Examination results do not reflect a candidate’s previously demonstrated abilities or potential for future development. Appeals on practical examinations will not be considered.

Preparing for a Theory Examination
- Theory examinations test music theory and knowledge of music history in a formal written setting.
- Each examination requires preparation with a qualified teacher.
- The Royal Conservatory Official Examination Papers, available at music retailers, are published annually by The Frederick Harris Music Co., Limited to aid with examination preparation.

The Royal Conservatory of Music

Examination Regulations
Candidates applying for ARCT in Performance or Teacher’s ARCT examinations must have completed a Grade 10 practical examination with either a total mark of at least 75 or a minimum of 70 percent in each section of the practical examination. Candidates must also have completed all Grade 10 theory co-requisites with a total mark of at least 60 percent for each theory examination.

For more information regarding the ARCT in Performance examination, please see “ARCT in Performance” on p. 59.

Teacher’s ARCT Examinations
Candidates applying for the Teacher’s ARCT examination are strongly advised to have at least one year of practical teaching experience.

The Teacher’s ARCT Diploma will be awarded only to candidates who are at least eighteen years old.

The ARCT Teacher's examination consists of three parts:
- Part 1—Practical Examination (Repertoire, Technical Requirements, Ear Tests, and Sight Reading)
- Part 2—Viva Voce Examination
- Part 3—Written Examination

Parts 1 and 2 constitute the practical portion of the ARCT examination and are therefore taken during a practical examination session. Part 3, a written examination, is taken during a theory examination session.

Candidates may choose to take all three parts of the Teacher’s ARCT examination at one session, or they may take the parts at different sessions. The parts may be taken in any order, but all three parts must be completed within a period of two years.

Second ARCT Diplomas
Candidates may not attempt the Teacher’s and the ARCT in Performance examinations in the same examination session.
- Candidates who have passed the Teacher’s ARCT examination and wish to obtain an ARCT in Performance diploma must take the entire ARCT in Performance examination.
- Candidates who have passed the ARCT in Performance examination and wish to obtain a Teacher’s ARCT diploma will be exempt from the Repertoire section of the Teacher’s ARCT Part 1: Practical Examination. The remaining sections of Part 1 (Technical Requirements, Ear Tests, and Sight Reading) and all of Part 2: Viva Voce Examination must be taken in a single session within five years of the date of the ARCT in Performance practical examination.

SUPPLEMENTAL EXAMINATIONS

Improve an Examination Mark
Candidates seeking to improve their overall mark at the Grade 10 or Teacher’s ARCT levels may take a Supplemental Examination.
- Supplemental Examinations must occur within two years of the original examination.
- Supplemental Examinations are given during regular examination sessions.
- Candidates in Grade 10 may repeat any two sections of a practical examination, except Repertoire.
- To be eligible for a Supplemental Examination in Grade 10, candidates must achieve a minimum mark of 65 overall and 70 percent in the Repertoire section.
- Teacher’s ARCT candidates may repeat one section of Part 1: Practical Examination, except Repertoire, and one section of Part 2: Viva Voce Examination.
- To be eligible for a Supplemental Examination in Part 1 of the Teacher’s ARCT, candidates must achieve at least 70 percent in the Repertoire section.
- To be eligible for a Supplemental Examination in Part 2 of the Teacher’s ARCT candidates must achieve at least 70 percent in either Viva Voce A or Viva Voce B.

Candidates in Grade 10 and Teacher’s ARCT must complete the respective theory co-requisites within five years of the original practical examination, not any subsequent supplemental examinations.
The Royal Conservatory of Music

Examination Regulations

A musicianship examination may replace the Ear Tests sections of a Grade 8, 9, 10, or Teacher's ARCT examination. Please consult the current Musicianship Syllabus at www.rcmexaminations.org/syllabi for examination requirements. The musicianship examination must be taken at least one session before the practical examination.

**Musicianship Level** | **Practical Examination Level**
---|---
Junior Musicianship | Grade 8
Intermediate Musicianship | Grade 9
Senior Musicianship | Grade 10 and Teacher's ARCT

Candidates who have completed a musicianship examination should submit the following documentation when registering for the corresponding practical examination:

- a photocopy of the musicianship examination results
- a letter requesting exemption from the Ear Tests section of the upcoming practical examination

**PRACTICAL EXAMINATION CERTIFICATES**

Certificates are awarded to candidates who successfully complete the requirements for their grade. Certificates are awarded *after* the theory co-requisites for that grade have been successfully completed. Theory co-requisites must be completed before or within five years of the original practical examination.

Editions

For many repertoire selections, the Organ Syllabus listing includes a suggested edition (indicated by a publisher abbreviation). These editions have been chosen for their quality or for their availability in
North America. When no publisher is indicated, students are encouraged to use the best edition available—the edition that most accurately reflects the composer’s intentions.

Editorial markings vary from one edition to another. Examination marks will not be deducted for altering these editorial suggestions as long as the resulting change is musically and stylistically acceptable.

Availability
RCM Examinations has made every effort to ensure that most of the materials listed are in print and easily available at leading music retailers throughout North America. If you experience difficulty in obtaining organ music in your community, then you may visit www.frederickharrismusic.com to find a listing of additional music retailers near you.

Anthologies and Collections
If a repertoire selection is published in a collection of a composer’s music or in an anthology containing music by a number of composers, the title of the collection or anthology is usually included in the Organ Syllabus listing. Individual selections may also be found in other sources. The list of Anthologies of Organ Music on p. 74 includes full bibliographic details for these publications.

Copyright and Photocopying
Federal and international copyright laws prohibit the use of photocopies without the permission of the publisher. The use of unauthorized photocopies for examination purposes constitutes copyright infringement as outlined in the Copyright Act of Canada. Additional information about Federal copyright law is available through the Copyright Board of Canada at www.cb-cda.gc.ca.

Please note that photocopied music will not be permitted in the examination room. Candidates who bring unauthorized photocopies to the examination will not be examined.

Candidates should bring all music to be performed to the examination. Candidates who wish to photocopy one page of a selection for the purpose of facilitating a page turn may do so with permission from the publisher.

SUBSTITUTIONS

As outlined in the chart below, candidates may make substitute Repertoire selections for their examination. If approval is required, candidates must submit an Examination Substitute Piece Request (available from www.rcmexaminations.org) by the Examination Registration deadline. Candidates are advised to prepare an alternate work in case the request is denied.

Opus Numbers and Catalog Numbers
“Opus” (op.) is a term used with a number to designate the position of a given work in the chronological sequence of works by the composer. However, these numbers are often an unreliable guide, and may have been assigned by a publisher rather than the composer. Sometimes a single work will have conflicting opus numbers. Certain genres, such as operas and other vocal works, were not always assigned opus numbers. For these reasons, individual works by some composers are identified by numbers assigned in scholarly thematic catalogs. A number of the more important thematic catalogs are listed below.

Johann Sebastian Bach
Works by J.S. Bach are identified by “BWV” numbers (for example, Allemande in G Minor, BWV 836). BWV is the abbreviation for Bach-Werke-Verzeichnis, the short title of the Thematisch-systematisches Verzeichnis der musikalischen Werke von Johann Sebastian Bach (Leipzig, 1950), a thematic catalog of Bach’s complete works originally compiled by the German music librarian Wolfgang Schmieder.

Dietrich Buxtehude
Works by Buxtehude are identified by “BuxWV” numbers (for example, In dulci jubilo, BuxWV 197). BuxWV is the abbreviation for Thematisch-systematisches Verzeichnis der musikalischen Werke von Dietrich Buxtehude: Buxtehude-Werke-Verzeichnis, ed. Georg Karstädt (Wiesbaden: Breitkopf & Härtel, 1974), a thematic catalog of Buxtehude’s complete works.

Georg Philipp Telemann
Works by Telemann are identified by “TWV” numbers (for example, Fantasia in D Minor, TWV 33:2). TWV is an abbreviation for Telemann Werkverzeichnis. This thematic catalog—Thematisch-Systematisches Verzeichnis seiner Werke (Kassel: Bärenreiter, 1984)—was compiled by Martin Ruhnke.

Healey Willan
Works by Canadian composer Healey Willan are identified by “HWC” numbers (for example, Five Pieces, HWC 177). HWC is an abbreviation for Healey Willan Catalogue (Ottawa: National Library of Canada, 1972; supplement 1982), a thematic catalog of Willan’s complete works compiled by Giles Bryant.

Anhang
Some catalog numbers include the prefix “Anh.” (for example, BWV Anh. 121). “Anh.” is an abbreviation for Anhang, a German word meaning appendix or supplement.

Pedagogical ability and accomplishment are assessed through the Teacher's ARCT Diploma. Candidates must achieve an Honors standing (70 percent) in order to be awarded a Teacher's ARCT Diploma. Figures in bold parentheses next to the total mark allotted for each section indicate the minimum number of marks required to receive 70 percent. Two years of examination preparation following Grade 10 is recommended for the Teacher's ARCT examination.

**EAR TESTS**

**Meter**

Candidates will be asked to identify the time signature of a four-measure passage. The examiner will play each passage once.

- time signatures: 2 3 6 8

---

*Organ Syllabus* 65  *Teacher's ARCT*
Intervals

Candidates will choose to:

(a) identify the following intervals after the examiner has played the interval once in broken form, 
OR  
(b) sing or hum the following intervals after the examiner has played the first note once.  
   – *above a given note*: any interval within a major 9th  
   – *below a given note*: any interval within the octave

Chords

Candidates will be asked to identify, by chord symbols or names, the chords used in a four-measure phrase. The phrase will be in a major key, will begin with a tonic chord, and may include chords built on the first, second, fourth, fifth, and sixth degrees of the scale. The final cadence may contain a cadential Ⅳ chord and/or a dominant Ⅶ chord.

The examiner will play the tonic chord once and then play the phrase twice at a slow to moderate tempo. During the second playing, the candidate will name each chord after it is played.

Example
Pedal Bass

Candidates will be asked to identify the notes of a sixteen-foot pedal line (coupled to manuals) in a four-chord phrase. The examiner will play the tonic chord once, and then play the phrase twice at a slow to moderate tempo. During the second playing, the candidate will name each pedal note after it has been played.

Example

Playback

Candidates will be asked to play back a two-part phrase of approximately three measures. The phrase will be in a major or minor key. The examiner will name the key, play the tonic triad once, and play the phrase twice. Candidates should use a clear eight-foot stop alone (preferably a light Principal, Dulciana, Gemshorn, or a string and flute combination that will blend into a principal-type sound). Avoid an eight-foot flute alone.

Example
SIGHT READING

Candidates will be asked to play two passages at sight:

**Grade 9 Composition**

– one passage will be approximately equal in difficulty to repertoire of a Grade 9 level

**Grade 7 Composition**

– one passage will be approximately equal in difficulty to repertoire of a Grade 7 level, demonstrating the musical features, characteristics, and possible registration of the piece.

PART 2: **VIVA VOCE EXAMINATION**

**A: Pedagogical Principles**

This section of the examination will test the candidate's knowledge of teaching methods and the principles of organ technique. Candidates will be questioned on the following topics:

- the construction of an organ (i.e., keyboards, stops, tonal families, registrational aids)
- the role of posture in the development of organ technique
- the development of pedal technique
- the development of coordination between hands, between hands and feet, and between keyboards and registrational aids
- attack and release of keys and pedals
- manual and pedal touch (i.e., *legato*, *non-legato*, etc.)
- phrasing and articulation
- registration set-up and skills for specific types of music
- performance practice and registration for music from the major historical style periods
- the major teaching methods, materials, and instruction books in current use

**B: Applied Pedagogy**

Candidates should be prepared to play two selections from each of Grades 7, 8, and 9 from the *Organ Syllabus*. The pieces should represent a variety of styles and historical periods and must include one piece in trio texture. A high standard of performance is expected. Candidates will be asked to discuss the various pedagogical problems encountered in these pieces, including details of style and interpretation, with particular emphasis on historical style. Please note that these selections need not be memorized.
PART 3: WRITTEN EXAMINATION

Examination length: 3 hours
Passing mark: 70 percent

Candidates should be prepared to:
• answer questions related to the style and interpretation, ornamentation and registration of organ music, using as repertoire the works included in this Syllabus
• discuss the tonal design of major stylistic periods and national or regional schools of organ building, and cite examples of repertoire related to them based on this Syllabus
• discuss the various organ method books in current use
• demonstrate a good knowledge of organ literature appropriate to the various grade levels

Frequently Asked Questions

PRACTICAL EXAMINATIONS

What is a practical examination?
A practical examination is the test of repertoire, studies/etudes, technique, ear training, and sight reading for instruments, voice, or speech arts and drama.

How can I obtain permission to photocopy an out-of-print selection that I find in a library or receive from a teacher?
Contact the publisher to request permission to make an authorized photocopy. Contact information for most publishers can be found online or obtained from a music retailer. Some music retailers can obtain authorized photocopies through a special online service.

Can I photocopy a page of music to facilitate a page turn?
You may photocopy a single page once you have obtained permission from the publisher. With this notice, The Frederick Harris Music Co., Limited grants permission to festival, recital, and examination participants to photocopy single pages from their publications to facilitate a page turn.

How do I choose the best edition for a piece?
The best editions have minimal editorial markings. These editions, often indicated as "Urtext," are available from most music retailers. If you are unsure about the best edition, ask your music retailer for suggestions.

Should candidates follow repeat signs? Da capo markings?
Candidates should observe da capo markings at an examination performance. Repeat signs should usually be ignored.

Why are teachers and parents not allowed in the room during practical examinations?
Practical examinations provide a unique opportunity for candidates to perform in a highly focused, one-on-one environment, without distraction.

What do I do if I have an emergency situation on the day of my examination and I need to cancel?
Contact your Examination Center Representative listed on your Examination Schedule by phone as soon as possible.

THEORY CO-REQUISITES

What is a theory co-requisite?
A theory co-requisite is an examination that must be completed before or within five years of the practical examination if the candidate wishes to receive a certificate for the practical examination. Candidates are encouraged to begin theory studies as early as possible.

Do I have to take theory examinations if I don’t need a practical examination certificate?
You may take a practical examination without fulfilling theory requirements. If you later decide that you would like to receive a certificate, you have five years from the date of the practical examination to fulfill the theory requirements.

Where can I find sample theory examination papers?
The Royal Conservatory Official Examination Papers are published annually by The Frederick Harris Music Co., Limited to aid with examination preparation. Each book includes three examinations from the previous December, May, and August examination sessions plus an additional examination created for extra practice. Editions for three academic years are available at any given time and may be purchased from your local music retailer.
